Tick acclimatised. Organic fold.

Creag Glas, meaning Grey Rock, is the handsome son of our homebred stock bull, Gille Ban Rona and black Fraochan of Ardbhan, one of our famous Fraochs. He's boasting an exceptional frame, perhaps the best beef carcass we've bred so far at Ardbhan and he follows the hoof prints of his sister, Fraoch Dhubh, to Oban who went off to Germany after the Spring Sale in 2019. Despite his white sire, Creag Glas has strong black genes in his heritage through Gilleaspuig of Tiretigan and Gille Dubh 2nd of Killochries as both of those bulls link back to Rigg, a Fold famous for their hardy black cattle. Clear of Allele NT821.

d. MURAN UIBHIST OF ARDBHAN 66825

Tick acclimatised. Organic fold.

An exceptional bull bred from the maternal sister of 2019 sale topper, Muran Erchie, and 16 yr old Gilleaspuig of Tiretigan. His dam, a daughter of Harris of Sorne, was born with a twin brother and defied all the odds of Freemartinism to become one of our most prominent breeders in the herd – a typical, Muran trait. This bull is a stylish, growthy lad and our longtime late stock bull, Lord Mosscastle of Old Greenlaw, who bred for an incredible 14 years, also features in his pedigree, so there's no denying that Muran Buidhe has it all going for him. Clear of Allele NT821.

Tick acclimatised. Organic fold.

The last full brother of the 2019 sale topper, Muran Erchie, to be bred. At 16 years old, his sire Gilleaspuig of Tiretigan, is reaching a well-earned retirement and sadly, his dam, Muran Uibhist passed away earlier on in the year. Just like his brother before him, he's extremely correct and stylish with a wonderful temperament to boot. His dam, a yellow daughter of Lord Mosscastle of Old Greenlaw, spent most of her life paired with Gilleaspuig and bred a variety of colours; red, black, yellow, white, dun and silver! As her name implies, this yellow-haired beauty is quite the treat and provides a rare opportunity to purchase a descendant from the historical Balranald Fold of North Uist; one of the oldest registered folds in the world. They sadly dispersed in 1921 but a handful of their successors remain at Ardbhan today, the Buidheags being our most abundant as they have given us many heifers over the years! This bonnie lass is sired by Ruaridh of Craigowmill, a son of the impressive Ruaridh 1st of Ubhaidh, affectionately known as Oobie Doobie. Clear of Allele NT821

Several descendants from our Mairearads have paraded around the ring in years past; from outstanding bulls to tremendous heifers, they can truly do it all. They are a versatile pedigree and close to the heart of Ardbhan Chief, Angus, being one of the first lines he ever bred after becoming registered in 1985. They also serve as one of few links we have to Kirkibost of Ardbhan, the famous bull that made a name for our fold in the 90s. Like Buidheag, she is also sired by our sprightly young stock bull, Ruaridh of Craigowmill.

We'll rarely be attending Oban without a Muran in tow and true to form, this year we have three! Muran is Gaelic for marram, the spiky grass that grows on the weather-beaten machairs, protecting the sand dunes. A native Uist pedigree, our cherished Murans, have pre-eminence amongst our herd for their exceptional breeding qualities and cross well with a variety of bulls. This sweet girl, a daughter of Hector of Balnabroich, is a cousin of the two bulls above; her granddam, Muran Dhubh, has produced many quality animals over the years including our current stock bull, Lord Muran of Ardbhan.

This special girl is bred by Hector of Balnabroich and Rona Odhar 2nd, a dun cow that has links to the wild isle of Rona. The Rona Fold actually began with Ardbhan cows way back in the 90s and came full circle back to us years later when Fionngal of Rona, a daughter of one of those cows, arrived to join our herd. From there began our Rona line, and they have bred elegance and style into our herd ever since. With Hector siring predominantly red calves, this black beauty was a surprising treat in this year's crop. Clear of Allele NT821.
